

NCPAC is our most important tool for defending the beef cattle industry from overreach and overregulation's in Nebraska. NC-PAC pools contributions from Nebraska Cattlemen members to support candidates who defend the beef cattle industry in Nebraska. Producers in Nebraska need pro-business, pro-agriculture representation at the Capitol in Lincoln. In close races across the state, NC-PAC can be the difference maker between a Senator that supports cattle producers or one that wants to shut us down. We need your help! As the urban population grows in Nebraska, beef producers will continue to face challenges at the Unicameral. Property taxes continue to rise, regulatory burdens are increasing, and more barriers to operations.

Contributions to the Nebraska Cattlemen State PAC are not deductible as charitable contributions for federal income tax purposes. Corporate contributions to the NC State PAC are permitted under state law. We cannot accept contributions in cash of value over \$50. Any and all contributions are welcome. If you have questions, please contact Nebraska Cattlemen at 402-475-2333.

"Why do I contribute? It's the only way I can help to keep good Nebraskans in office. I believe that giving back is important, whether to charities or the organization that defends and promotes my livelihood as a beef producer. NC-PAC allows me to engage in our political system and make a difference toward electing officials who understand and support the beef industry of Nebraska."
